NEW-YORK TRIBUNE. By Telegraph to the New-York Tribune.

Proposed Resignation of Mr. Sawyer. Hon. WM. Sawren, a Member of the House of Representatives from Ohio, (of sausage memory,) publishes a Card in the Washington Union, pro-

pesing his resignation. There is no local news of importance. The seather is rainy. Produce is heavy. Wheat, on second of large quantities of new pouring in on

New Orleans in had health. Mr. S. intended to pay a short visit to his family in Arkansas and then seeed to Washington

which arises from the mere force power of the Navy. We have many forts that are useless, and it walkedians of Moldavia and of Wallachia properly which either if they were appropriated to the relief of disabled seamen; and many vessels that could easily be dispensed with that are sustained at great expense and are of no practicable service. One Raifrond stretched across a populated country, terminating at a teaport town, providing facilities for concentrating a body of men at any given point, is more needful than manerous forts, floating batteries and gun-ships, all of which are kept in existence at enormous expense, yielding no revenue and may accer (as is most likely) be brought to any use whatever.

During the last Summer there have been no less than thirteen large steam ships averaging as large as 1,600 tons burden, and as many new steamboats of various dimensions, building at our deck-yards. Those vessels of private enterprise, and would be more serviceable of private enterprise, and would be more serviceable.
